ABOUT MYSELF

Curious and adaptable, I seek to explore new perspectives and deepen my understanding of the world through reflective and open-minded learning. I'm passionate about visual storytelling and value collaboration, personal growth, and cultural awareness.

As a **Computer Science graduate** with a strong foundation in software development and experience in full-stack web applications, I am now focused on Artificial Intelligence. I aim to pursue a Master's in AI to build intelligent, data-driven solutions for real-world challenges.
